

**Typical landscaped areas, if applicable, for a small (medium impact) commercial property:**

- *Buffer transition yard with trees and shrubs between commercial and residential*
- *No buffer transition yard between commercial & commercial (of same intensity)*
- *Screening for trash bin*
- *Street protective yard with trees between property and public street right of way*
- *Screening between vehicular surface area (parking area) and street*
- *Vehicular surface area interior planting*
