

INS-GEN: Institutional – General District

Purpose

The purpose of the Institutional - General (INSGEN) District is to provide lands that accommodate institutional uses typically developed on larger sites such as colleges, primary and secondary schools, cultural facilities, and government offices. The district also accommodates support uses such as offices, eating establishments, and limited retail and service establishments that primarily serve principal institutional uses. This district shall not be established within the Central Business District. Development may include the grouping of multiple institutional buildings, and inter-related public, private, and nonprofit development. District standards are intended to protect surrounding residential uses from incompatible development.
