Date

Sec. 17-7.2

(a) General

Nonconforming uses are declared generally incompatible with the permitted uses in the district in which they are located and with the provisions of this Ordinance. Nonconforming uses shall be subject to the standards in this Section.

(b) Reestablishment

- (1) Except in accordance with subsection (2) below, a nonconforming use shall **not be reestablished after vacancy, abandonment, or discontinuance for any period of 12 consecutive months**, not including time during which the structure where the use was located is reconstructed, provided, the timing requirements for reestablishment of a nonconforming structure in Sec. 17-7.3(b), Reestablishment after Demolition, Damage, or Destruction, shall apply.
- (2) Within the OV-5P, OV-NMC, or OV-DC district, a nonconforming use **may be established after vacancy, abandonment, or discontinuance of a prior nonconforming use for any period of up to 36 consecutive months**, if the Board of Zoning Appeals issues a Special Exception Permit in accordance with Sec. 17-7.2(c), Change of Use.
- (3) Where a nonconforming use has been **replaced by a conforming use**, the nonconforming use may not be reestablished at any time.

(c) Change of Use

A nonconforming use shall not be changed to any other nonconforming use unless the Board of Zoning Appeals approves a Special Exception Permit in accordance with Sec. 17-2.5(e), Special Exception Permit, for the proposed nonconforming use after finding that the proposed nonconforming use is more in character with the uses permitted in the district than the use it replaces. In permitting the change, the Board of Zoning Appeals may require appropriate conditions and safeguards in accordance with the purpose of this Article.

(d) Expansion and Enlargement

(1) Area Occupied by Nonconforming Use

A nonconforming use **shall not be enlarged, expanded in area occupied, or intensified**, except a nonconforming use may be enlarged into any area of the same structure in which it is located which was manifestly arranged or designed for such use prior to the date the use became a nonconformity, provided the use shall not be extended to occupy land outside the structure.

(2) Structure Devoted to Nonconforming Use

A structure devoted to a nonconforming use **shall not be enlarged, extended, constructed, moved, or structurally altered** except to change the use of the structure to a use permitted in the zoning district in which the structure is located.

(e) Temporary Nonconforming Uses

A Temporary Use Permit may be issued by the Zoning Administrator for an appropriate period of time not to exceed 12-month increments for nonconforming buildings, structures, or uses incidental to building construction or land development or deemed to be generally beneficial, provided that the owner of that temporary nonconforming use agrees to remove the temporary nonconforming use upon expiration of the Temporary Use Permit.

Sec. 17-7.3

(a) Enlargement

A nonconforming structure **shall not be enlarged or expanded in a way that increases the degree of nonconformity**. (For example, a structure that has a five-foot side yard setback where the Ordinance requires a ten-foot side yard setback cannot be enlarged so as to further encroach into the side yard setback.) Expansion of the structure in a way that complies with applicable dimensional standards or that decreases the degree of nonconformity is permitted.

(b) Reestablishment after Demolition, Damage, or Destruction

- (1) A nonconforming structure **shall not be reestablished** as a nonconforming structure after demolition, damage, or destruction, except in accordance with subsection (2) below.
- (2) A nonconforming structure that sustains damage exceeding 75 percent of the replacement cost of the structure at the time of damage shall not be rebuilt, altered, or repaired except in conformity with this Article, provided the rebuilding, alteration, or repair shall:
 - a. Begin within six months from the time of damage; and
 - b. Be completed within 12 months after the issuance of a building permit.

(c) Relocation

A nonconforming structure shall not be moved, in whole or in part, to another location on or off the parcel of land on which it is located, unless upon relocation it conforms to the requirements of this Ordinance.

(d) Conversion to Another Use

The use of a structure which is nonconforming due to its failure to comply with intensity and dimensional standards in Article 3: Zoning Districts, (e.g., height, setbacks, lot area, etc.) may be changed to a use that is permitted in the district in which the structure is located, if no further encroachment is made as defined by the intensity and dimensional standards in Article 3: Zoning Districts, (e.g., into required yards)
